Gödöllő

17th – 18th October 2009

Please read all of this letter carefully, especially the athlete agreement & trip information from British Fencing. Please make sure you (& your parents) sign where necessary.

Please now complete & return the permission form (page 8) & the 1-line spreadsheet (page 6).

Please find with this letter the top 20 of the latest cadet rankings (world championship selection ranking list). The full lists can be found at www.sabrerankings.com. This letter is going out only to the top 20. As most of you will know Godollo is generally the strongest & most expensive event we go to each year so please make sure you discuss the planning of your season with your coach before replying.

This letter is your invitation to travel as part of the British squad to the cadet International event in Gödöllő (near Budapest, Hungary) on the 17th & 18th October. There are individual & team events. This event is open to fencers born 93-97 only.

The nominated cadet foreign events this year will be: Godollo, Meylan, Pisa, & Camden. As detailed on the cadet information page on www.fencingcoach.net only these events will count the international competitions score for cadet rankings.

You can now download the 1-line reply spreadsheet [here](#) (see page 7), **please complete & return this at once renaming the file as per the instructions on this page.**

You should enter the U17 & U20 National Championships (3rd – 4th October), entry details will be on the British Fencing web site soon. Fencers born in 1997 or later can only enter the U17 event.

If you have not seen the list of selection events & the sabre-specific information on the cadet information page at www.fencingcoach.net you should read it as soon as you can. You & your parents should also have read the “information for fencers & parents” document on the same page.

If you haven't found it yet you should read www.fencingforum.com which has information & discussion on issues which often affect you. Please check & subscribe to the Godollo thread.

The arrangements for travel are as follows:-

BA868 FRI16OCT London Heathrow / Budapest 1405 1740
BA869 SUN18OCT Budapest / London Heathrow 1855 2035

Full travel details, meeting point & accommodation details will be published nearer the time in the Godollo info document.

If any parents or coaches are planning to travel please let me know. It is generally a good idea for the fencers to get used to travelling & staying independently & to be part of the National squad. These trips should not be a holiday for fencers, the aim is to get the best possible results in the events & to gain experience for future years & trips. This doesn't mean they're not fun of course.

There is always an invitation for the coach of any invited fencer to accompany the national squad trips to international events. This will be at his or her own expense & they must accept my authority at all times. Any adult accompanying one of the trips, i.e. travelling with the fencers & staying in the same place, must have CRB clearance from British Fencing or a suitable authority, e.g. a school. If you have non-British Fencing CRB clearance you must send me a copy of your certificate & apply for a British Fencing one.

You will need FIE equipment for this event, 800N jacket, breeches, plastron, 1600N mask, S2000 blades. Your lame jacket, overlay, & mask must be in good condition to pass the weapon control. If you have a visor mask, it must have a clearly-visible date stamp dated within 2 years. (If you do not understand any of this paragraph ask your coach, do not ignore it & hope no-one will notice.) Do not assume you will be able to buy equipment at the competition although there has been a PBT stand at the event every year. All your kit must be clearly marked.

There is no requirement to have your name on your jacket or National colours on your breeches. You do not need an FIE licence for this event but you should have your British Fencing licence with you.

If you would like to go please fill in the 1-line spreadsheet & return it to me **as soon as possible**. Please also send a cheque for £406 payable to "British Fencing". This cheque will cover flights, transport in Hungary, entry fees, accommodation, & all food; it will not cover transport to & from the airport, this is each individual's responsibility. The only Hungarian money you will need is for equipment or shopping at the airport (you can use Euros for both of these). A breakdown of the costs is below & on the replies spreadsheet. **You must commit (or tell me your travel plans) to using the flights & accommodation by 23rd August. Please check the spreadsheet to make sure I have the correct information.**

It is very important that you send your money in on time. Over the past few seasons some you have not managed to stick to the deadline.

My contact details are in the letterhead. If you wish to contact me during the trip my mobile will be on the whole time.

If for any reason you need to contact us during the trip and can not get through to my mobile please contact TBC. (A nominated contact person in the UK who has agreed to liaise with the Trip Leader for the duration of the trip.)

Behaviour

The foreign trips that we organise are not mini holidays. They are serious excursions to an elite level of competition. As such we expect fencers in the squad (regardless of age) to take the event seriously. We expect fencers to do everything in their power to get the best result possible. This includes getting a good night's sleep before the event, eating and drinking sensibly in preparation for the event, presenting with all their kit in good working order, warming up sensibly before the event and again before each round as appropriate.

Fencers must remember that they represent Great Britain, as well as themselves, their Coach and their families. Unruly conduct is not acceptable.

As the FIE Rules for competitions say: by taking part in a competition, you pledge your honour to observe the regulations, obey orders, abide by the decisions of the Referees, be respectful and behave in an orderly, courteous and sporting manner.

Confrontations on the piste are always unpleasant. Remember that there is a proper procedure laid down in the rules in the event of a dispute with Referees or organisers. Remember as a member of British Fencing you agree to abide by all rules & regulations.

Attached are an athlete agreement. Please read these thoroughly, sign the permissions form, get your parents to counter sign it and return it along with your application for this trip.

Dope Testing

Dope testing may take place at competitions at home or abroad. Do not take any medicine in the fortnight leading up to a competition, without first checking that it is allowed. The Sports Council has produced a handy quick reference guide, the size of a credit card, which the British Fencing can supply if you send a stamped addressed envelope with your request. In any doubt refer to the British Fencing Medical Officer or the British Olympic Association; the list of prohibited drugs is being constantly updated and many GPs will not necessarily know which are banned substances. A full list of banned substances can be found on the WADA website. (www.wada-ama.org)

Medicines

If you take any (permitted) medicines regularly, you must bring adequate supplies together with full written information from your doctor in case of any problems.

What do I do now?

If you wish to take part in the trip.

1. If you wish to be part of this trip the first thing you must do is confirm this to me by email
2. Your parent or guardian must complete the attached medical details and consent form and sign it.
3. You must sign the attached 'code of conduct' sheet and get your parent/guardian to counter sign it.
4. If your parents are not picking you up from the Meeting Point you must also get them to fill in the attached consent form allowing the organisers to release you into the care of another specified individual.
5. Return to me, by first class post,
 - The medical details and consent form,
 - The code of conduct form,
 - If your parents have signed it the consumption of alcohol consent form,
 - A cheque for the cost of the trip
 - If required the consent form for being picked up from the airport.
6. Obtain sufficient equipment of the appropriate standard.
7. Get a European Health Insurance Card (if you don't already have one.)
8. Check your passport is current.
9. Get your foreign currency
10. **Inform your local newspaper about your selection to fence abroad as part of the GB Squad.**
11. **Fitness to fence.** The Trip Leader must be sure that you are fit to fence. If you are injured or fall ill prior to departure, you must inform me (**Neil Brown**) immediately.
12. Avoid taking any medicine in the fortnight leading up to a competition.
13. If you are going to require (permitted) medication during the trip, obtain full written information from your doctor. Present this information to me (**Neil Brown**) when you first arrive at the Meeting Point together with any Therapeutic Use Exemption Form (TUE). You must then look after it for the weekend.

If you do not wish to take part in this trip.

1. If you do not wish to fence in this event you must contact me by email immediately to let me know.

The above information about the trip and your preparation for the trip, I hope, gives you a good idea about what will be happening and what we expect of you before and during the trip.

It is all very serious, but none of this is to say that foreign trips are not, or will not be fun. They are an excellent opportunity to travel, meet people and experience life. They are always fun.

Use only one row for your data & don't add any more columns.

For information:

- In Loco Parentis is being sought for all children / young adults under the age of 18 with the following limitations to use:-
1. Family Law Reformed Act 1969 was the statute that brought the age of majority down from 21 to 18 AND allowed a child / young person of at least 16 years of age to give informed (full knowledge of possible side effects) consent to surgical, dental and medical treatment (including anaesthetics) providing that they are deemed competent (not under the influence of drugs or alcohol)and conscious The person who is 'In Loco parentis' can then give consent on behalf of the parent / carer
 2. Criminal consent – according to criminal matters in the UK (may vary from country to country) a child / young person who is held at a police station will require to be released into custody or questioned in the presence of a responsible adult if they are under the age of 17. 'In loco parentis' refers to being the responsible adult.
 - 3 In Sport a child / young person is anyone under the age of 18 and hence it is 'best practice' for permission to be sought to allow an adult other than parent/guardian to act as chaperone when being drug tested

This table of sanctions is only a guide. The sanction imposed will vary proportionally to the nature and severity of the offence. The staff on the trip retain the right to impose any penalty they see fit for an offence. Where the Trip Leader considers that a ban or loss of points may be the appropriate penalty he/she will forthwith submit a written report to the British Fencing Disciplinary Committee recommending the imposition of such penalty. If the British Fencing Disciplinary Committee finds that a penalty should be applied it may impose such penalty as it sees fit which may be more or less than severe than that which has been recommended.

Please also note. The staff on this trip may refuse to be responsible for a given individual on future trip as a result of bad behaviour on this trip. In this case the individual would have to arrange (at their own expense) for a responsible adult to accompany that individual on that future trip.

Note 1 The staff on the trip retain the right to impose any penalty they see fit for an *offence which in extreme case may include a fencer being sent home early from a trip at their own expense.*
